

Cookie Policy

Effective Date: May 17, 2026

Last Updated: May 17, 2026

1. What Are Cookies?

Cookies are small text files stored on your device by your browser when you visit a website. Similar technologies include localStorage, sessionStorage, and IndexedDB.

2. Cookies We Use

SoloSuccess Academy uses only **strictly necessary** cookies and local storage. We do not use advertising cookies, third-party marketing trackers, or cross-site analytics.

Name	Type	Purpose	Duration
sb-access-token	Strictly necessary	Supabase authentication session	1 hour, refreshed
sb-refresh-token	Strictly necessary	Refresh your sign-in without re-typing password	Up to 30 days
localStorage:supabase.auth.token	Strictly necessary	Persist sign-in across tabs	Until sign-out
localStorage:notepad-draft	Functional	Save your in-app notepad draft locally	Until you clear it
localStorage:theme	Functional	Remember dark/light preference	Until you clear it

3. Managing Cookies

Because we use only strictly necessary cookies, we do not display a consent banner. You can still clear or block cookies through your browser settings, but doing so will prevent you from staying signed in. Most browsers offer cookie controls under Settings → Privacy & Security.

4. Third-Party Cookies

Stripe Checkout may set its own cookies on its hosted checkout pages for fraud detection. Those cookies are governed by Stripe's own cookie policy at <https://stripe.com/cookies-policy/legal>.

5. Changes

If we add any non-essential cookies in the future, we will display a consent banner and update this Policy before activating them.
